

LUCKSTONE

Since our founding in 1923, Luck Stone has become one of the largest family owned producers of construction aggregate in the United States.

Our firm's success has been built on our core values of: Integrity, Commitment, Leadership and Creativity. We strive to create value for our partners in every aspect of their business through customer inspiration.

We look forward to working with you, our customers and continuing to provide the best sales, service, and support in the Hampton Roads market. We offer a full line of stone, sand and gravel for your construction needs.

We thank you for your business and look forward to working with you.

Sincerely,
Rick Rowland, Regional Sales Manager

We specialize in supplying the manpower to guide traffic safely around work zones. We also provide traffic consultation and design services, as well as traffic control equipment rental.

Badger Daylighting Corporation

Address: 8930 Motorsports Way
Brownsburg, IN 46112

Phone: 804.221.0752

Website: www.badgerinc.com

Alternate Contact: Ryland Heath
rheath@badgerinc.com

Description of Business:

Badger Daylighting's mobile hydrovac excavation systems offer many advantages compared to traditional hydraulic powered trenching and excavation machines. Our excavator systems use water and vacuum technology to quickly and cleanly blast through dirt and rocks to expose pipeline, utility and electrical systems or to open the ground for future work. Digging trenches using general excavation techniques also poses potential safety hazards when excavating around buried gas lines and hydro utilities. The Badger Hydrovac provides a safe and non-destructive alternative to conventional backhoes or other mechanical means.

Website: www.ecslimited.com

Description of Business:

Founded in 1988, Engineering Consulting Services (ECS) is a leader in geotechnical, environmental, construction materials and facilities engineering. At that time, our goal was to raise the standards of professional consulting engineering by hiring industry professionals who understood the complexities of building and maintaining modern infrastructures. Our company success spans multiple industry sectors. Our steady growth comes from a deep belief in developing the people, systems and expertise required to focus on client needs. Today, with over 1,600 employees, ECS has grown to more than 60 offices and testing facilities spread across the Mid-Atlantic, Midwest, Southeast and Southwest. ECS is currently ranked 75 in *Engineering News-Record's* Top 500 Design Firms (ENR, April 2018).

Brandon Knowlton - VP of Sales
brandonknowlton@eureinc.com

Website: www.eureinc.com

Description of Business:

What is now known as Eure Inc was established back in 1962 and began with only one portable toilet rented to a small church. Since then, we have grown into a full-service company offering portable sanitation, temporary traffic control, on-site storage containers and custom signs.

We supply traffic control devices such as: signs, barrels, cones arrow boards, VMS, TMA and barrier walls. Our portable sanitation division supplies portable toilets, holding tanks water tanks, hand washing stations and restroom trailers. We also offer 20ft and 40ft on-site storage containers for your jobsites. Eure owns and operates a full custom sign shop that offers an array of signs to fit your needs such as: ADA, banners, decals, labels, illuminated, magnetic, monument, OSHA, ANSI, post and panel signs, digital graphics, trade show displays, vehicle graphics & wraps, bus signs, window graphics and much more.

Whether you are local to the area, or a national contractor from out of town, we are here to ensure that you have the best experience in on-site services around.

OUR VISION IS SIMPLE:

"To provide quality products, competitive prices, and back them with service BEYOND expectation."
- Stan Eure

johns@tristateutilities.com

Website: www.tristateutilities.com

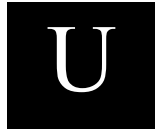

Description of Business:

Tri-State Utilities services include Pipe Cleaning & CCTV Inspection of Mainlines, Manholes, and Laterals. Digital Scanning and Laser Profiling are the latest enhancements. Tri-State Utilities' Trenchless Pipe Lining, featuring the CIPP Corp. cured-in-place pipe process, equips our crews with the most up to date advances available. Traditional felt CIPP, GRP (Glass Reinforced Pipe), and Non-VOC Liners are all available. Our Liners are VDOT and NCDOT Approved.

In order to perform those services effectively, you need dependable equipment and Tri-States' fleet is modern and state of the art. Our Vactors, CCTV Inspection rigs, boiler trucks, backhoes, and dump trucks are all maintained to maximize production and eliminate costly down time.

Our employees are trained in the latest industry technologies that include PACP, MACP, and LACP Certifications. Tri-State Utilities employs a full time professional safety officer and operates a drug free work force.

Tri-State Utilities earned HRUHCA's Contractor of the Year Award in 2000 and 2008. The Mid-Atlantic Chapter of the APWA Contractor of the Year was awarded to Tri-State in 2013. Tri-State Utilities has also been named CIPP Corp. Contractor of the Year in 2002, 2004, 2005, 2010, 2011, 2012, 2013, and 2014.
