Description of Business:

McClung-Logan Equipment Company has been proudly serving the Mid-Atlantic region since 1939 and currently operates eight full-service branch locations throughout Maryland, Delaware, and Virginia.

As a privately-owned distributor, we carry a wide range of premier heavy construction, aggregate, portable power and crane equipment designed to provide efficient solutions and

support for our customers' needs.

All of our conveniently located branches offer equipment sales and rentals as well as complete parts and service expertise for every product line that we carry. We are committed to our customers and dedicated to supporting their equipment now and in the future in order to maximize productivity and ensure success.

At McClung-Logan, we are Partners For Your Business.
